

How to Participate:

There are two ways for connecting to this meeting:

1. **Attend in person at one of our campus videoconference locations:**
<https://docs.google.com/spreadsheets/d/1MLN2E9jqh3T77fqs2KJtnUh0Q-B8ikEpRWDiUwiAkUk>
2. **Watch via webcast (new link):**
<http://vidyoreplay.computecanada.ca/replay/webcastShow.html?key=l2lhRMsPReQHavG>

If people are unable to attend at the designated locations or in the case that no room is available at your institution, alternative connection methods will be available. We invite you to contact vidyo@computecanada.ca for more information.

Questions / Discussions:

During the consultation, there will be an opportunity to pose and discuss questions. Depending on your method of connection, please follow these instructions for participating in the conversation:

- **Campus videoconference participants:**
 - Please signal the on-site technical lead, who will alert the presenter there is a question from the site.
- **Webstream viewers:**
 - Please email your questions to onlineconsultation@computecanada.ca. These will be passed along to the speaker to address.

Please let us know if you have any questions or require any additional information to participate in this important consultation.
